Ron Rombs stated that over the past several years there has been a national shortage of qualified Paramedics. This shortage has been seen in North Carolina and the local region and locating qualified paramedics has become very scarce for the last few years.

Recent advertising and interviewing of potential employees has been very limited and resulted in several paramedics that could not meet the minimum acceptable clinical standards established by Lincoln County EMS administration.

Compounding the problem of locating qualified paramedics, surrounding counties have implemented local training programs which offer monetary and employment packages to individuals attending their programs. These include Gaston, Cleveland, and Mecklenburg Counties.

Mr. Rombs requested that Lincoln County Emergency Medical Services be allowed to hire EMT-Intermediates into vacant Paramedic positions and reclassify these individuals upon completion of an internal training program. This program will not increase allocated positions and will not compromise the level of service to the citizens of Lincoln County.

UPON MOTION by Commissioner Craig, the Board voted unanimously to create the 6 new EMT-Intermediate positions.
