Public Hearing – Ordinance Regulating Ambulance Service and Granting of Franchise to Ambulance Operators and Other Pre-hospital Medical Care

Providers: Ron Rombs presented the Ordinance Regulating Ambulance Service and Granting of Franchise to Ambulance Operators and Other Pre-hospital Medical Care. Any organization providing pre-hospital care or rescue in Lincoln County would fall under this ordinance. This Ordinance would require additional liability insurance. The Systems Plan does require that all education and certification requirements are met by January, 2006 and all technical certifications by June 1, 2004.

Commissioner Craig asked if all fire and rescue squads are aware of the changes in the document.

Ron Rombs stated that they are not to the full extent of everything involved, but they have been meeting with the fire departments over the last few months. He stated that there was opposition from the fire departments and rescue squads.

There was a discussion about the liability issue with not having any standards. Jeff Taylor stated that there is a state-wide standard. We are allowing some groups here to be part of the system and not following the standard. This could be a liability risk since there is a standard out there that is not being followed.

Dr. Ingrid Kish stated that there has to be standards. She stated that anyone initiating or delivering medical care falls under her medical license. She stated that if they do not follow the Ordinance, they do not operate, and she'll have the power to dismiss them.

Lincoln County EMS Rate Increase Proposal: Ron Rombs presented the proposed rate increase proposal. After review of the annual Medicaid Cost Report, it is necessary to adjust the rates charged for care rendered to the patients of Lincoln County Emergency Medical Services. The fee increase is due to increased cost of providing services.
